11,185 Merit badges earned by
4,154 Scouts

How will my family's investment in the 2026 Friends of Scouting Campaign benefit others and help young people experience all Scouting has to offer?

Benefits For My Scout

Friends of Scouting helps to keep Scouting affordable and strong for your family and all youth in Northern and Central New Jersey. It also supports Patriots' Path Council in building character, confidence, life skills, and leadership through fun, family-centered programs.

It is critical that every Scouting family makes a gift based on individual ability to ensure Scouting's success!

Benefits For My Unit

Your support allows the council to offset the \$100 recharter fee and rewards units that meet their goal with up to \$150 in Scout Shop credits and 50% off rank badges. Friends of Scouting also funds the service center and staff who support your unit, leaders, and Scouts year-round.

Double Your Donation!

Many companies match employee donations, and some will make a gift to Scouting based on volunteer hours. Learn more at: doublethedonation.com/patriotspathbsa

Benefits For All Families

Friends of Scouting supports the continuation of high-quality local programs, services, and camps, including the operation of our two Scout shops where 100% of proceeds from in-person and shop-by-mail purchases stay local.

Recruitment and marketing supplies and services that support unit growth are also funded by FOS.

Friends of Scouting helps make Scouting affordable for all families by keeping council membership fees significantly lower than other local councils. FOS also funds family assistance and camp scholarships. In 2025 we provided over \$400,000 to ensure families in need can participate in Scouting and attend summer camp.
