

2025 SEASON OF SERVICE

#SeasonOfService CAMPAIGN

Scouting America
Patriots' Path Council

About #SeasonOfService

The most powerful way to thank a chartered organization is to provide service. This campaign encourages units to help their chartered organization by doing community service for them during the fall season and then sharing their story through the portal located at <https://ppcscouting.org/story/> and on social media using #SeasonOfService.

Why #SeasonOfService

- To promote the good Scouts do in their community and create goodwill with chartered organizations.
- To share Scouting stories that show the impact Scouting has in the community.
- To be part of the conversation and learn about other service ideas.

By using the **Share Your Story link**, and online social media tools such as Facebook and Instagram, we can help others learn about Scouting and all the great things Scouts do for their communities!
